## Remexido

*Nostalgia, seduction and rhythm all at once*

REMEXIDO is a Mediterranean tango that dresses fado with rock tics, in a slack boat that insists not to anchor in the same port for more than one song.

The Portuguese guitar comes out standing, the piano tap dance, the rhythm boils and the voices invite. The trio presents a show with theatrical and cinematic references exploring very well known territories. REMEXIDO has nostalgia, seduction and rhythm in the body.

REMEXIDO presents the album in 2019 with several presentation concerts in Portugal such as Cine Teatro Almadense or Casa da cerca in ALMADA and a few alternative festivals like BATALHA - Festival Artes à Vila, OURÉM - Praça Agostinho Almeida, SANTARÉM - Jardim Portas do Sol.

With 2 videoclips produced by renowned filmmakers in Portugal, the band has 2 singles in radio playing for several weeks.
